OBJECTIVE :

Detail-oriented Software Developer with **1.5 years** of comprehensive experience, I'm passionate about translating complex concepts into functional and user-friendly web and mobile applications. Excited to join a forward-thinking team as a Software Developer, where I can collaborate, learn from experts, and apply my skills to create innovative digital solutions.

EXPERIENCE :

Software Developer

[Luminous Labs](#), Mirpur DOHS, Dhaka

11 March 2023 - Present

- Implemented responsive and visually appealing user interfaces (UI) using HTML, CSS, and JavaScript to create engaging and user-friendly applications.
- Collaborated with designers to translate design mockups into pixel-perfect front-end code, ensuring consistent branding and seamless user experiences.
- Worked closely with back-end developers and stakeholders to integrate front-end components seamlessly, contributing to the successful delivery of high-quality web and mobile applications.

Front End Developer (Intern)

Hubnex Media INC, India

3 January 2023 - 5 March 2023

- Coordinate with the web development team to design user interfaces for client websites using HTML, CSS, JavaScript, and ReactJS.
- Design, develop, and code web applications for customer accounts, which includes debugging issues, diagnosing root causes, and identifying solutions.
- Created responsive designs for mobile applications, built wireframes, and developed prototypes for web development projects.

SKILLS :

Expertise: HTML, CSS, JavaScript, TypeScript, React js, Next js, React Native, Redux, Tailwind CSS

Comfortable: NodeJs, ExpressJs, MongoDB, Firebase

Familiar: GitHub, Bitbucket, Chrome dev tool, Figma
